

REACH-Statement

05.11.2025

Dear Customer,

Concerning REACH Condor Compounds GmbH is considered as a downstream user who does not have to (pre-)register any materials.

We can inform you, that the materials used in our compounds are (pre-)registered and are available for future requirements.

Furthermore we would like to inform you that our products do not contain any substances of very high concern (SVHC) published in the currently valid candidate list as well as in Annex XIV and XVII by the ECHA.

For further questions please contact one of the responsible persons for REACH listed below

With best regards

Ricardo Zinke
-Quality Manager-
